Robotic Massage® Chair

---

## Welcome to the chair that offers style, wellness, comfort and control—in bulk.

Human Touch® designs its products to please all your senses, including your sense of style. In the Human Touch® iJoy® 2580 Robotic Massage® Chair, you get an exceptionally comfortable massage chair that fits your décor as well as it fits your body. Customize your experience with any of three back-massage programs, all of which expertly replicate the four primary techniques used by professional massage therapists—rolling, kneading, compression and percussion—to enhance your overall wellness. Our advanced, patented Human Touch Massage System eases away pain, tension and fatigue with the push of a few buttons and delivers a host of healthful advantages, including improved relaxation, circulation and stress relief. So pick a color, grab a seat, slide your iced cappuccino into the cup holder, sit back and enjoy an incredible massage.

**More Features for More Comfort**

**MASSAGE CONTROLLER – It's all at your fingertips**

**Art meets state-of-the-art.**

Beauty goes well beyond skin-deep with the iJoy® 2580. This remarkable chair contains the most advanced Human Touch Technology® in a sleek, colorful design that fits any room.

**3 INVIGORATING AUTO-MASSAGE PROGRAMS**

Choose from three massage programs, and find the one that best suits your needs at the moment. You can select from the following options: Refresh your entire back, relieve your neck and shoulders, or release your lower back.

**BUILT-IN CONTROL PANEL**

No need to interrupt your massage to personalize it. The control panel is right at hand so you control the massage with your fingertips.

**POWER RECLINE**

With the push of a button, the iJoy® 2580 can recline all the way to a 170-degree angle. The further you go back, the greater the massage intensity, so recline slowly until you discover the perfect spot.

**REMOVABLE MASSAGE-SOFTENING PAD**

Need a deep, penetrating massage to soothe aching muscles? Or maybe just a light, invigorating massage to energize yourself? Easily control your massage intensity with the removable massage-softening pad.
