MASSAGE CONTROLLER – It's all at your fingertips

Relax. Recline. Rejuvenate.

The HT-136 contains some of the most advanced massage technology on the market in a beautiful, sleek form that provides a comfortable retreat from everyday stresses and complements even the most sophisticated décor.

ROTATING MULTI-SPEED FOOT AND CALF MASSAGER

Massaging calves in an upward, rolling motion, the rotating, multi-speed unit forces blood away from the feet toward the body's core, allowing fresh, nutrient rich blood to re-enter the calves and feet for healing and soothing comfort. Only Human Touch offers this patented technology.

BODY-CONTOURING VISCO-ELASTIC FOAM SEAT CUSHION

A visco-elastic cushion molds to your body to relieve pressure points, providing a comfortable seating experience even when the chair is powered off.

PENETRATING NECK MASSAGE

Simply removing the head pillow reveals an intelligently placed cloth window that enables the HT-136's advanced massage system to provide a closer, more intense neck massage.

3 INVIGORATING MASSAGE PROGRAMS

Choose from 3 auto-massage programs, targeting the full, upper or lower back to relieve back pain, stress and muscle soreness.

FULL-BODY STRETCHING

As the foot and calf massage wells gently hold your legs, the HT-136 slowly reclines, stretching the spine to increase blood flow to the vertebrae and disks, effectively rejuvenating the lower back.

SOLID OAK ARMREST AND BASE

Rich leather/leather-match upholstery in several designer colors with upscale genuine wood base and accents makes a beautiful addition to any room.
