ThermoStretch™ Massage Chair

Introducing the chair that's head, shoulders, neck, back, calves and feet above the rest.

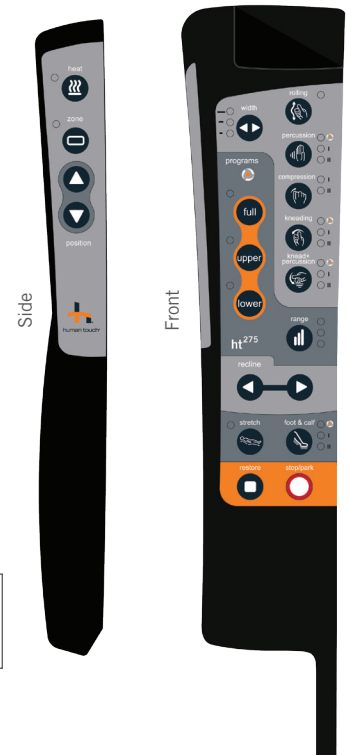

The Human Touch® HT-275 ThermoStretch™ massage chair provides a relaxing massage that effectively alleviates stress, back pain and sore muscles, leaving you feeling invigorated and refreshed. In just 15 minutes per day, a massage from this remarkable chair can therapeutically boost your circulatory and immune systems—not to mention, make you feel really, really good.

Take a seat and let the lumbar heaters soothe your lower back while the rotating foot-and-calf massager invigorates tired, sore muscles. Indulge in any of three invigorating pre-programmed massage programs, which expertly incorporate the five techniques used by back and spinal care professionals. Lean your head back and enjoy the deepest, most penetrating neck massage available, or ease away daily tension and stress with a full-body stretch. Focus the quad-roller massage where you need it most for targeted relief from your neck down to your lower back. Crafted with only the finest materials and advanced technology, the ThermoStretch™ massage chair is a beautiful addition to both your wellness regimen and your living room.

Art meets state-of-the-art

Beauty goes well beyond skin-deep with the HT-275. This remarkable chair contains the most advanced Human Touch Technology® within its luxurious leather-match upholstery.

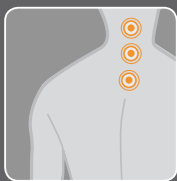

FOOT & CALF MASSAGE WITH ADJUSTABLE-WIDTH CONTROL

Two 15-minute programs offer gentle or vigorous foot-and-calf massage that simulates the squeeze-and-release techniques of expert massage therapists. Also features adjustable-width control for a customized fit.

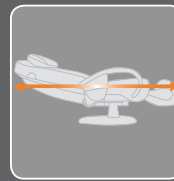

DUAL-LUMBAR BACK HEAT

Lumbar heaters gently warm lower back muscles, gradually reducing tightness and pain and preparing them for a more restorative massage and faster healing.

DEEPEST PENETRATING NECK MASSAGE AVAILABLE

Enjoy one of the deepest penetrating neck massages ever offered in any massage chair.

FULL-BODY-STRETCH MODE

As the foot-and-calf massage gently holds your legs, the HT-275 slowly reclines, thereby stretching the spine to increase blood flow to the vertebrae and discs, effectively rejuvenating the lower back.
