

ht 5320

WholeBody® Massage Chair

Tired, aching muscles have nowhere to hide.

The Human Touch® WholeBody® HT-5320 Massage Chair envelops the body in an array of the most advanced full-body massage systems available, soothing muscles from head to toe. This remarkable chair is loaded with features typically found in chairs twice the cost, which deliver a personalized massage experience that satisfies your every whim.

The HT-5320 delivers a therapeutic head-to-toe massage. The patented and proprietary Figure-Eight® Technology used to drive its robotic rollers uniquely delivers a massage experience unlike any other. The foot-and-calf massager shares these exclusive mechanics, enabling it to introduce oxygen-rich blood to the legs, reviving tired muscles. With the HT-5320, the power to personalize your massage and maximize your indulgence is right at your fingertips.

More Features for More Comfort

 ■ 100-5320-006 (Espresso - Performance PU)
 3-Year Limited Warranty

MESSAGE CONTROLLER – It's all at your fingertips

Professional functionality for professional results.

The HT-5320 includes many of our most advanced features in a stylish, bold design that invites you to customize your massage to your specific needs and desires.

FOOT & CALF MASSAGER

This two-speed feature with vibration provides the ultimate foot-and-calf massage, simultaneously enhancing circulation and soothing tired feet and legs. And it easily extends to accommodate taller users.

ACUPOINT® DETECTION SYSTEM

Automatically locates acupressure points to ensure accurate, personally tuned massage mapping for optimal results.

ARM AND THIGH MASSAGE SLEEVES

The HT-5320 is the only Human Touch chair to offer this feature, which lets you comfortably adjust the easy-fit slow-air sleeves for a unique arm and thigh massage. When you're not using the massage sleeves, simply stow them away.

FULL-BODY STRETCH

As the foot-and-calf massage wells gently hold your legs, the HT-5320 slowly reclines, thereby stretching the spine to increase blood flow to the vertebrae and discs, effectively rejuvenating the lower back.

SUBTRACTION SYSTEM

Truly addition by subtraction, this unique system allows you to start with a full-feature massage and subtract features as desired.

SEAT MASSAGE

Once only found in chairs twice its price, this innovative feature provides a relaxing air massage to the body's largest muscles.
