

CHAIRS FOR CHARITY

For every Human Touch product purchased, a contribution will be made to help someone receive their own wellness solution.

CHAIRS FOR CHARITY STORIES

AbilityFirst Organization

The Human Touch® Chairs for Charity program serves as a way for Human Touch to give back to the community through the donation of their state-of-the-art massage chairs and Perfect Chair® recliners. This exciting new program places an emphasis on those who work to serve their respective communities as first responders, family enrichment and childcare services, public safety sectors, and individuals who face daily challenges due to back pain or other health issues.

In July 2019, Human Touch donated an iJOY® Massage Chair 4.0 to **AbilityFirst**. AbilityFirst is an organization dedicated to helping those with disabilities to achieve their personal best. Originally established in 1926 by the Los Angeles Rotary Club to help children affected by the pre-vaccine Polio outbreak, the organization evolved into AbilityFirst in 2000. Today, the organization is distinguished by exceptional leadership and management, longstanding experience and community roots, and outcome-based programs with measurable results.

For our Adult Day Program we have a meditation and relaxation group that meets once a week and they have added the chair massage to their weekly routines. Our After school program also uses it for story time/relaxation, as well as in the event that someone needs some quiet time to deescalate a behavior by sitting in the chair with lights off to help them calm down. We cannot thank you enough.

- April Stover, Center Director, AbilityFirst

The **iJOY 4.0 Massage Chair** is being used by several of the program's participants for relaxation and meditation, bringing a whole new level of relief to these individuals.
