

CHAIRS FOR CHARITY

For every Human Touch product purchased, a contribution will be made to help someone receive their own wellness solution.

CHAIRS FOR CHARITY STORIES

Los Angeles County Fire Department, North Los Angeles

The Human Touch® Chairs for Charity program serves as a way for Human Touch to give back to the community through the donation of their state-of-the-art massage chairs and Perfect Chair® recliners. This exciting new program places an emphasis on those who work to serve their respective communities as first responders, family enrichment and childcare services, public safety sectors, and individuals who face daily challenges due to back pain or other health issues.

In November 2019, Human Touch donated a Novo XT2 Massage Chair to the Los Angeles Fire Department in the downtown area. This station is one of the more active stations in the city, and the firefighters dedicated to the station were extremely grateful for the ability to relax in their new massage chair on a regular basis..

We deal with injuries, sore/tight muscles, and general fatigue. The Human Touch massage chair has been a real blessing - Nico A., Los Angeles County Firefighter

“As firefighters/tactical athletes, our bodies take a beating on a daily basis. Responding to emergency medical responses, structure fires, wildfires, or our own workouts has taken a toll on a lot of our members,” said Nico Avila, firefighter for the Los Angeles Fire Department. “We deal with injuries, sore/tight muscles, and general fatigue. The Human Touch massage chair has been a real blessing. Our members here at Fire Station 15 take full advantage of it. During down times, there is always someone enjoying it. It’s a relaxing way to add something new to our recovery modalities so that we can maintain a state of readiness. Thank you to all at Human Touch who made it possible for us to have one.”
