

CHAIRS FOR CHARITY

For every Human Touch product purchased, a contribution will be made to help someone receive their own wellness solution.

CHAIRS FOR CHARITY STORIES

Los Angeles County Fire Department, San Pedro

In June 2022, Human Touch was able to donate another much-needed Novo massage chair to the hardworking firefighters at Station 112 in San Pedro, California. Their station was beyond grateful for this much-needed relief, according to their Captain William Wick.

The chair that we received from your company has surpassed our expectations. The massage chair is used by most of our 42 members, in fact we have had to establish a waiting list to get an opportunity to use the shift during our 24-hour shift. With the multitude of selections, Bluetooth and heat/cool control, every member has established their individual need. The chair is particularly efficient for our needs because of the ease of use and rapid treatment in-between emergency responses. Shown above is a Firefighter enjoying the chair with his firefighting equipment ready for response. The Los Angeles Fire Department responds to over 1,500 emergency responses a day, every call comes with some form of physical effort from our members from carrying injured and sick patients to performing firefighting efforts, the chairs multitude of soothing to sports massages enables the firefighters to choose their form of needed care. Some members also use the chair to calm down after stressful responses, especially at night when they are already tired during a long shift and need to de-stress quickly.
