

## CHAIRS FOR CHARITY

For every Human Touch product purchased, a contribution will be made to help someone receive their own wellness solution.

### CHAIRS FOR CHARITY STORIES

#### Los Angeles Fire Department, Sherman Oaks

The Human Touch® Chairs for Charity program serves as a way for Human Touch to give back to the community through the donation of their state-of-the-art massage chairs and Perfect Chair® recliners. This exciting new program places an emphasis on those who work to serve their respective communities as first responders, family enrichment and childcare services, public safety sectors, and individuals who face daily challenges due to back pain or other health issues.

In May 2019, Human Touch was able to donate a Novo XT Massage Chair to a Los Angeles Fire Department in Sherman Oaks, California. The firefighters at this fire station work hard to serve their community, and their Novo XT has helped them to recover from the toll that this work puts on their bodies.

Our Novo XT has made a huge impact on my team. Being able to spend even a few minutes in the chair on a regular basis has helped us to alleviate some of the physical stress that we put our bodies through, and it helps us to be even better prepared to do it all again the next day.

- Rich Diede, Los Angeles Firefighter

Many firefighters suffer from back problems, sore muscles, and bad joints, due to the heavy weight of their gear while out on calls, and the fatigue that comes with long hours spent on duty. In order to maintain physical performance in their careers, they require routine preventative and corrective care, including monthly chiropractic and massage therapy visits, as well as more intensive treatments like regular orthopedic epidurals.
