

INTELLIGENCE IN MOTION

Take wellness to new heights with the **Human Touch® Super Novo 3.0**, where intelligent design meets everyday rejuvenation. Powered by DuoSync massage technology, it delivers synchronized massage coverage through two quad-roller systems for targeted recovery and relaxation, while the advanced Flex Track supports natural alignment, a superior lay-flat position, and deep stretching with spinal decompression for complete comfort.

Using the responsive touchscreen tablet, explore an array of auto-wellness programs including Meditation and Yoga Studio, enhanced by premium Sound by JBL for immersive calm. Or simply tell Virtual Therapist® how you'd like to feel and enjoy a custom AI massage program designed to help you unwind, recharge, and feel renewed.

Super Novo 3.0 transforms intelligent design and personalized wellness into effortless recovery—a smarter way to live well.

THE PREMIUM
SOUNDS
of Super Novo 3.0

Built-in Sound Soothe provides immersive sounds of nature.

Built-in voice control and AI technology respond to your requests, delivering personalized massage experiences that match your needs and preferences—no app required.

DUOSYNC MASSAGE TECHNOLOGY

Emulating a synchronized, four-hand massage by a professional massage therapist, DuoSync combines **3D and 2D** massage technology to provide a higher level of relaxation and faster muscle tension relief for the most effective massage experience.

AUTO-WELLNESS PROGRAMS

Indulge in up to 38 programs*, including variable-speed 4D programs, full-body immersion, deep tissue, and an effective collection of therapeutic relaxation and recovery programs.

HT FLEX ADVANCED FULL-BODY STRETCH

Expansive "bend and stretch" functionality powered by improved HT Flex technology provides exceptional leg and spine relief, helping to boost circulation to the vertebrae and discs while rejuvenating the lower back for efficient recovery and lasting tension relief.

CLOUD TOUCH ACUPRESSURE

Strategically placed air compression technology uses targeted aircells to apply pressure to key healing points and gently stretch muscles, while individually adjustable zones provide personalized intensity.

DEFY GRAVITY

The zero gravity position cradles your back and elevates your legs above your heart, the position doctors recommend as the healthiest way to sit.

HORIZON REST

With one touch, transition into a soothing flat recline, enabled by HT Flex, to ease stress and encourage a calm, restorative state of mind and body.

ACUPOINT® BODY SENSING

Rapid shoulder height detection maps your massage for maximum effectiveness. Manual selection option also available.

HT FLEX S- AND L-TRACK SYSTEM

Designed to move naturally with the natural curves of the body, the **L-Track** extends high-performance coverage from your neck and shoulders down to your glutes, while the **S-Track** follows the spine's natural curvature. The improved **HT Flex** design allows for a flatter recline, delivering greater range of motion and enhanced comfort.

BACK AND CALF HEAT

Independently controlled dual-lumbar and calf heat offer high and low settings that soothe tight muscles and help relieve tension.

FOOT AND CALF MASSAGER

Underfoot rollers deliver optimized reflexology with adjustable intensity for rollers and calf compression. Select auto-glide or fix the calf focus from your calves to your knees as the leg rest automatically adjusts to your leg length for a perfect fit.

SPEED CONTROL ZONES

Enjoy full control in manual massage mode, adjusting the speed of each zone to match your body's needs for a truly custom experience.

INTUITIVE TOUCHSCREEN TABLET

Easily navigate programs, adjust intensity, and personalize every massage—all at your fingertips.

MEMORY SETTINGS

Save up to four AI-generated programs along with your last-used settings: shoulder-height detection method, massage time, and Bluetooth preferences, for a personalized start every time.

USB-C CHARGING

Power up your device as you relax or recharge with the built-in USB-C port so you're both ready for what's next.
