

CHAIRS FOR CHARITY

For every Human Touch product purchased, a contribution will be made to help someone receive their own wellness solution.

CHAIRS FOR CHARITY STORIES

Los Angeles County Fire Department, Pacific Palisades

The Human Touch® Chairs for Charity program serves as a way for Human Touch to give back to the community through the donation of their state-of-the-art massage chairs and Perfect Chair® recliners. This exciting new program places an emphasis on those who work to serve their respective communities as first responders, family enrichment and childcare services, public safety sectors, and individuals who face daily challenges due to back pain or other health issues.

In December 2021, Human Touch was able to donate a Novo XT2 Massage Chair to a Los Angeles County Fire Department in Pacific Palisades, California. The men at this fire station work hard to serve their community, and their Novo XT2 has helped them to recover from the toll that this work puts on their bodies.

“ This chair is awesome! Thank you so much, Human Touch.

- Capt. Thomas D. Kitahata

Many firefighters suffer from back problems, sore muscles, and bad joints, due to the heavy weight of their gear while out on calls, and the fatigue that comes with long hours spent on duty. In order to maintain physical performance in their careers, they require routine preventative and corrective care, including monthly chiropractic and massage therapy visits, as well as more intensive treatments like regular orthopedic epidurals. The firefighters at the Pacific Palisades station have enjoyed using their Novo XT2 massage chair on a daily basis to help their bodies to recover and prepare for the stress of their rigorous daily routines.
