UNLOCK YOUR FULL POTENTIAL

At first glance, the Human Touch® Sana is stunning in its simplicity, but take a closer look and find so much more beneath the striking design. The Latin word Sana translates to health, a fitting name for a chair that provides the therapeutic benefits of massage with high-performing S- and L-Track Systems that closely follows the curvature of the spine and extends coverage from your neck and shoulders down to your glutes and thighs. Nine auto-programs including Full-Body, Energize and Recovery provide effective solutions to your everyday stresses.
**S and L Track Systems**

While the **L-Track** extends high performance coverage from your neck and shoulders all the way down to your glutes and thighs, the **S-Track** closely follows the curvature of the spine. The result is a massage that is designed to move with the natural curves of your body for optimal results.
