# EVOLVING THE MASSAGE EXPERIENCE.

Change the way you experience wellness with the **Human Touch® Super Novo 2.0**, which offers a captivating design and delivers an advanced IntelliTrack 3D massage along the entire length of your spine and all the way down to your thighs. Choose from Meditation programs that combine a soothing soundtrack with your massage, helping you to focus your breathing and achieve a relaxed state of being. Or try the Yoga Studio programs, which use deep stretching and pressure to loosen and relieve pain from tight muscles.

## SUPER NOVO 2.0 HEALTH & WELLNESS BENEFITS

### RECOVERY

Regular massage helps to prepare for, and recover from, strenuous workouts by increasing oxygen-rich blood to tired and sore muscles. This helps improve physical mobility and minimize recovery time.

### RESTORATION

Modern life can cause stress injuries, such as tension headaches from excessive screen time or back pain from constant poor posture. Daily massage helps correct these habitual strains in order to improve your overall health.

### REJUVENATION

Massage helps improve mental clarity and reduce anxiety. Even just 15 minutes can contribute to better sleep, improved mental focus, and a greater sense of well-being.

### REHABILITATION

Massage can help the body recover from a variety of physical conditions, including back pain, Sciatica, Arthritis, Fibromyalgia, and much more.

“

*I've had the massage chair for a week and my chronic lower back pain vanishes after sitting in the chair. The combination of heat, zero gravity and "L-Track" technology that massages your glutes as well as lower back is pure heaven...I can't say enough about the chair!*

— Mario
