

REDISCOVER RELAXATION

The **WholeBody® ROVE PRO** massage chair is designed for users to quickly and conveniently receive the benefits of massage while taking time for themselves to relax and recharge.

The ROVE PRO offers a high-performance L-track that extends massage coverage from the neck and shoulders down to the glutes and thighs, as well as a dynamic stretch, which positions the body for a reinvigorating lengthening of the back and muscles. Equipped with eight unique auto massage programs that focus on recovery, stretch, and full body relief, the ROVE PRO boasts an open calf massager design allowing users to enter and exit the chair with ease. Our unique, Human Touch SAFE™ antimicrobial upholstery makes for easy cleaning and care.

S- and L-Track

S and L TRACK SYSTEM

While the **L-Track** extends high performance coverage from your neck and shoulders all the way down to your glutes and thighs, the **S-Track** closely follows the curvature of the spine. The result is a massage that is designed to move with the natural curves of your body for optimal results.

FULL-BODY STRETCH

Our expansive “bend and stretch” functionality provides unprecedented leg and spine relief, increasing blood flow to the vertebrae and discs and rejuvenating the lower back, allowing you to recover with greater efficiency.
